*Wishing you all a wonderful year!
Your friends at the COA*

The Ladies Lunch Bunch is back!

It's April and that means that once again on the second Wednesday of the month we'll be gathering to travel to local restaurants for lunch and the opportunity to enjoy each other's company.

On April 11th we'll be driving out to Gould's Sugar House on Route 2 in Shelburne Falls. Meet at the Village Church parking lot at 11:30 to car pool!

Snow Storm Calls

Did you happen to get a phone call, not a robo call, during one or more of our recent snowstorms? Here in Cummington, many departments are working together to make sure our older

adults are safe during times of weather emergencies and other emergencies that may come up. For instance, if there is a power outage in a certain area of the town, our emergency services people will know which older adults live in that area and will check in with them to assure they are safe. We'll have more information for you next month as this program continues to develop.

Annual Town Meeting

Cummington's annual town meeting always happens on the **first Friday in May**. The COA is working on updating the "The Property Tax Exemption Guidelines for Seniors". In September 2002, the town received literature on "Clause 41C Exemption Options", which if it is acted upon, and voted in, would allow the town to adjust (1) the age, income and asset requirements seniors must meet to qualify for the exemption and (2) the amount of the exemption the community may grant to eligible seniors. ***If this is of interest to you, please mark your calendar for the May 4th Annual Town Meeting where this will be discussed and voted upon.***

National Do Not Call Registry

The federal government's "Do Not Call Registry" allows you to restrict telemarketing calls permanently by registering your phone number at **www.donotcall.gov** or by calling **1-888-382-1222**. If you receive telemarketing calls after your number has been in the national registry for 31 days, you can file a complaint using the same web page and toll free number.

The Cummington Council on Aging says thank you to our Generous Supporters!

If you haven't already, won't you please consider making a contribution? Your help will support our monthly newsletter and our Neighbor to Neighbor transportation program. Many of the folks receiving these services would be isolated without our help. If you would like to make a donation, please fill out the form below and send it with your check made out to the Cummington Council on Aging and write "program support" in the memo line. We thank everyone for their continuing support. ~ Anne Parsons

The Cummington Council on Aging counts on YOUR support to continue our important programs for local seniors!

Strength in Numbers: Preventing Falls Among Older Adults

Thurs. April 5th, 1-2pm
Westhampton Congregational Church
1 Tobbs Hill Rd., Westhampton

Unintentional falls are a threat to the lives, independence and health of adults ages 65 and older. Every 18 seconds, an older adult is treated in an emergency department for a fall, and every 35 minutes someone dies as a result of their injuries.

Although one in three older adults fall each year in the United States, falls are not an inevitable part of aging. Falls are often preventable through increasing activity and exercise, balance training, education, and home safety assessment. These proven strategies can reduce falls and help older adults live longer and more independently. Cooley Dickinson VNA & Hospice, in cooperation with the Westhampton COA, invite you to participate in a special "Falls Prevention" presentation. John Yount, PT, Falls Prevention Coordinator from Cooley Dickinson VNA & Hospice will present the program.

Hilltown Easy Ride Regular Schedule:

- Monday** – medical rides prioritized
- Tuesday** – Big Y in Northampton (we still do medical rides whenever possible on this day)
- Wednesday** – medical rides prioritized
- Thursday** – shopping in Pittsfield (we still do medical rides whenever possible on this day)
- Friday** – best day to schedule group social outings (we still do medical rides whenever possible on this day)

You must be 60+ to be eligible for the van and fill out a Demand Respond Application with FRTA. We would gladly help you with that process, or you may go on the FRTA website and download an application. It takes about a week to process, and once you get the acceptance letter you can start booking rides.

You Aren't Just a Number!

You are a valued individual. However, your Social Security number is pretty important in your life! It's really not good to carry your SS card with you because if someone gets ahold of it, they are on the way to stealing your identity. A crook will know that the first three digits tell where and when the card / number was issued and they may be able to get these if they know your birthdate and hometown. The two digits in the middle are a book-keeping identifier. The last four digits are unique and what the crook really needs.

So, I say: "Don't carry your card!" And you say: "But I don't know my number! What if I need it?"

Here's some suggestions:

- Write down the number, accurately, for heaven's sake, on two or three pieces of paper and carry them in different places in your wallet.
- Even better, write them in a different order, e.g., backwards. Recording them backwards will help disguise the last four. Say your number is 567 – 50 – 1234. Write it down as 432105 in one place, and 765 in another.
- Even better than that: learn your last four and don't write them down.
- And you guessed it, the best idea is to learn the entire number so you don't carry it in any way, shape, or form.

If you have any better suggestions, send them and I'll consider giving you a prize.

Numerically speaking,

Chesterfield's Outreach Team is active and growing

By Peg Whalen
Regional Outreach Coordinator for the
Northern Hilltowns Consortium of COAs

In 2018, the Chesterfield Council on Aging is reaching out to over 382 older adults turning 60 or better in 2018. Chesterfield's outreach is multi-faceted and growing rapidly.

- COA board members have continued doing outreach individually.
- Traditional activities continue and are combined with informational phone contacts and concrete assistance through home visits and food deliveries.
- Intergenerational COA activities are a common feature of Chesterfield events including square dances, breakfast/lunch at New Hingham Elementary School, among others.

The Chesterfield COA board created an Outreach Team. The team meets monthly to identify older adults known to be isolated or potentially isolated and those with specific needs. Chesterfield's Outreach Team is a diverse group of town residents. The team includes four COA board members, the UCC minister, a church deacon, and the HEN (Hilltown Elder Network) Coordinator for Chesterfield, Helen Pelletier. The team also plans to have others join them including Fire, Police, Emergency Management, and Library.

Chesterfield's Outreach Team is creating a network of volunteers to assist older adults in need. Their goal is to have neighbors giving rides, doing tasks and providing supports needed by the town's older adults.

Rides by volunteer drivers take older adults not only to medical visits, but also grocery shopping, entertainment, errands, banking and haircuts. Tasks could include short-term help following illness or rehabilitation, regular or periodic cooking, regular phone calls, or help getting information. Support may include regular social visits, sharing a common interest, playing cards or games, or simply keeping someone company so their caregiver gets a break.

Did you know?

Your COA has a list of volunteer opportunities and needs.

If you have some time, please speak with your COA to find out how you can help!

Expert Builder Kent Hicks to present: Going Green and Aging in Place in Chesterfield

**Sunday, April 15th at 2pm
Chesterfield Community Center
400 Main Rd.**

The ability and desire to remain in our home and our community long-term can often become a major dilemma in life. When making the decision about whether we or our extended families can personally manage health and finances, important questions are faced:

- * Can we physically stay in our homes?
- * Can we afford to either retrofit our existing home or build a new house that allows us to "age in place?"
- * Should we move into senior housing?

Rural life presents challenges to creating homes that are energy efficient and environmentally friendly. Zoning laws vary and septic requirements are different than those in urban areas. The upfront higher construction costs to build or renovate a green, efficient home can seem hard to balance with the future benefit of not having to face the usual, higher utility costs in retirement. Out of a sense of responsibility and respect for our beautiful community, more community members want to create homes that contribute to the sustainability of the environment.

The Chesterfield Council on Aging Senior Housing Committee has been discussing these same questions as we look to progress towards a more integrated, age-friendly community. Our wish is to provide a range of options for people of all ages who are hoping to stay in their home town.

Kent Hicks, a member of the Building Committee and owner of Kent Hicks Construction Co., has generously volunteered to present a program that will shed light on the most common questions about "going green," and also describe new approaches in dealing with rural housing, living in a healthy home and building small. A Chesterfield resident and expert in the construction of energy efficient homes, Kent is more than familiar with the nuances of living in our unique Hilltowns.

Please join us for Kent's presentation on April 15th at 2pm at the Chesterfield Community Center, 400 Main St, Chesterfield Ma. It is certain to be an informational and interesting approach to "aging in place" in our homes in the hilltowns.

Strengthening Networks of Existing Community Supports

Is your town safe? Affordable? Walkable? Healthy? Inclusive? Does it meet your needs? Is it a great place to grow up and grow old? In short, is it “age-friendly?” In 2015, the Northern Hilltowns Consortium of COAs received a Service Incentive Grant from the state’s Executive Office of Elder Affairs. With these funds, the Consortium has been part of strengthening coordinated networks of community-based supports. Across the hilltowns, there are long-time community systems that support older adults. These supports include fire, police, and others.

On February 28th, Peg Whalen, the Consortium’s Regional Outreach Coordinator, sat down with Bernie Forgea, Cummington Fire Chief; Mike Perkins, Cummington Police Chief; and fire chiefs from 10 other hilltowns to discuss mutual concerns. Together the group talked about ways the COAs can work more closely with town departments. Fire chiefs expressed strong interest in having their COAs help engage residents about many issues:

- Goshen fire chief, Sue Labrie, commented about the usefulness of COAs accounting for and access to information about many older adult residents. For example, COAs are better able to know which older adults are living alone and where.
- Chesterfield fire chief, David Hewes, shared his department’s concern about the under use of emergency alert systems among adults, especially those living alone.
- Several participants cited instances in which their departments have been called to check on a resident. They reported often finding people who had fallen, were unable to get up and laid for *as long as 24 to 48 hours* before help arrived.
- Whalen shared information about the grant, purpose of COAs and their goal of developing supportive, age-friendly communities.

Fire chiefs agreed that working together on these important issues was helpful. Watch for more updates on ways COAs are working with other town departments. Coordination can make your town a more age-friendly community for residents!
