Hello! My name is Kerry Normandin and I am honored and excited to be the new Coordinator for the Council on Aging for Goshen. I have lived in Goshen for 22 years, am married, and have two children. In my 27 year career as an Occupational Therapist, I have worked in both the Skilled Nursing Facility and School settings. I feel the skills gained in this career, in addition to my love for our town of Goshen, will be beneficial to my new role. I am blessed to have Evelyn Culver and the entire board of the COA to guide me in this position. I am looking forward to meeting the 389 seniors of our town! I plan to continue with the great programs we have in place as well as creating new programs with the Board to keep us all engaged, educated, and entertained.

Seniors Aware of Fire Education

It is that time of year again. Our lawns are growing. So, here are my annual tips on gasoline and lawn mowers:

- ⇒ Remember, gasoline vapors are highly flammable. They stay on your clothing and can ignite if you light a match for any reason.
- ⇒ Store gasoline only in approved containers. Store them outside or in a building not attached to your house. Never keep gasoline inside your house.
- ⇒ Keep gasoline away from all heat sources such as grills, campfires, fire pits and smoking materials.
- ⇒ Never fuel a lawn mower while it is hot. Let it cool off first.
- ⇒ Do not use gasoline to start a cooking fire, camp fire or pit fire.
- ⇒ Keep hands and feet away from a mower while it is running. If you have to clean grass out from under the mower, detach the spark plug wire and wait for the mower to cool down before up ending it to get the grass out.

Have a SAFE mowing season!

What DOES my POA do?

You know how I nag on the Big Five... Let's say I am in a coma and unable to take care of anything in my life. Or both arms got broken so I can't use my hands, or I have a tick-borne disease with total brain fog. Or here's an option: I won a four-month world cruise and will be going! What happens to my business / routine part of life? Happily, I arranged for a trusted friend to have my Durable Power of Attorney (POA) and I make sure that is activated before I go.

What does the POA do to benefit me? Let me count the ways. They can:

- ⇒ pick up my mail and read my email.
- ⇒ pay the bills that come in the mail.
- ⇒ monitor my bank account to make sure that automatically-paid bills are in fact paid and paid correctly.
- ⇒ monitor my bank account for anything that looks wrong.
- ⇒ file my taxes.
- ⇒ receive the notice that a CD is coming due and either cash it in or invest it again, depending on what they know my wishes are.
- ⇒ renew my house and car insurance policy.
- ⇒ watch my medical bills to make sure that charges are valid.
- ⇒ keep an eye on my benefits programs such as Medicare.
- ⇒ go online at annualcreditreport.com once a quarter and check my credit reports for anything that looks wrong.

In short, they keep my life going until I get back to it! There are several types of POAs, so a person should read further before assigning one. This note is about the financial POA, stay tuned for the health POA.

All is well!

June's Good News

By Deb Hollingworth

Are you thinking about housing options? House too big, or are you feeling isolated in your apartment? Are you thinking about your homeowners property taxes, or the price of heating oil, or whether you want to be at the beck and call of your wood stove? Maybe it's time to think about moving to a less demanding, more socially interesting living situation. If you are concerned about health issues, ready to downsize and never want to move again, an assisted living residence might be a good choice. An assisted living residence is an apartment with support services which usually include: meals, housekeeping, laundry service, personal care and social activities. We have a number of them (over two dozen) in our area. Cost is a determining factor, but food, social activities, and the sense of community are key issues that usually influence the decision to move.

Let's talk about cost.

Assisted living apartments are expensive until you begin to add up what your current monthly overhead is. What if you didn't have to pay homeowners insurance, or utilities, or taxes, or the grocery bill? Would the monthly assisted living rent seem that expensive by comparison?

Many folks sell their home in order to finance several years rent in an assisted living. But what if you don't have a home to sell? Or your home has a mortgage that has to be paid and the remains of your sale might be meager? Some assisted living apartments are subsidized by MassHealth. There's also a VA benefit if you are a veteran or were married to a veteran, and most Long Term Care insurance policies also will pay a portion of your rent in an assisted living.

To determine which assisted living residences offer subsidized apartments, or to see if you might qualify for any of these subsidies, you might call your Senior Center for a start, or call Highland Valley Elder Services and ask to speak to their Options counselor. (413-586-2000).

Let's talk about other factors that influence your decision where and when to move, such as food and social activities.

I had a volunteer work in my department for 20 years. He started when he turned 70 and "retired"

at 90. His wife died before then and the house they had lived in seemed empty. While it was well kept and in a good neighborhood, it began to need more attention. And he had to find someone to plow the driveway in winter, mow the lawn in summer, replace the water heater, put in the air conditioner. Life wasn't getting less complicated, so he sold his home and moved to an assisted living. Shortly after that, he invited me to lunch. The menu had two choices for entrees with a good selection of vegetables. Meals were sensibly sized. The dessert menu, however, had 24 choices. I approved because when you reach a certain age, the tough decisions should be about what to have for dessert.

Moving is a Big decision. And often is predicated by deteriorating health, loss of spouse or concern about becoming isolated and not having much mental stimulation. Assisted living residences might be the answer.

The COA newsletters roll for one more year!

Everyone is pleased and relieved to know that the Executive Office of Elder Affairs has approved our request to extend the Service Incentive Grant to cover the cost of keeping up the production of the newsletter that goes to over 2400 households in seven Hilltowns for one more year, allowing us to keep the written word alive. We are grateful and appreciative of support from not only EOEA but from so many people who made this possible -- each of you who wrote letters about the importance of receiving hard copies every month; the COA Coordinators from each town who advocate and work hard to reduce the isolation that comes when access to important information is not accessible; all of the COA board members who made their voices heard; support from the Hilltown CDC and other nonprofit organizations in exploring options; and especially our state representatives, Lindsey Sabadosa and Natalie Blais, whose strong support led to the decision to keep the written word alive and our rural towns "Hilltown Strong".
