September 22 – First Day of Autumn

*“And the yellow sunflower by the brook,
in autumn beauty stood”
~ William Cullen Bryant*

*“And all the lives we ever lived and all
the lives to be are full of trees and
changing leaves” ~ Virginia Wolf*

On July 12, Worthington residents Rick Messier and Maryann Silva, provided a delicious BBQ meal from their food truck, **Worthy Smoke N' BBQ** for 120 senior residents. The drizzle did not curb the enthusiasm of the diners and servers. Thanks to the COA Board members; Charley Rose for his assistance and the great music; and thanks to Bob Reinke for keeping us safe. Thank you also to our senior community who continually support the efforts of the Council on Aging in these trying times. Underwritten by the Rolland Fund.

“Girls just wanna have fun!”

Laurie McAnulty, a recent retiree from the COA board, was pleasantly surprised when gifts were presented to honor her many years served on the Board.

Calendar of Events

Healthy Bones and Balance Class

Monday and Fridays 10:30-11:30

For inclement weather, the class will be held at the town hall, same day and times. Call Eileen Daneri 238-4461 for more information. You are one yoga class away from a good mood.

Music Therapy Class

October 14 1:00-2:00
at the Town Hall
Singing and Music Making!

The Council on Aging is presenting an afternoon of music making. You don't have to be a great musician or singer to get enjoyment from making music! Music therapist, teacher and performer, Worthington resident, Oren Rosenthal has been helping both experienced and inexperienced musicians make music together for over 30 years.

“There is a special joy in getting together to make music”, says Oren, “I love to encourage people to

feel they can participate, regardless of musical ability. Singing simple, good songs, playing rhythm instruments, playing hand bells, nodding along to the music---it's all good!"

"Whether it's old jazz standards from the '30s, country music from Hank Williams, the Beatles other pop music from the 60s, 70s, American folk music or folk music from other countries: I look for simple accessible songs that people like!"

Ask your doctor if music therapy is right for you. Common side effects include but are not limited to uncontrolled head bobbing, toe tapping, finger snapping, spontaneous happiness, increased memory and motor function, and most importantly connecting with others.

Hip Hop Chair Exercise Class
Tuesday, October 19 at 11:30-12:30
at the Town Hall

Board of Health News

Due to the recent spike in COVID-19 Delta Virus cases, all persons who are entering a town building are required to wear a mask. This includes the Town Hall, Fire Station, Police Station and the Council on Aging.

Hydrate- Hydrate- Hydrate

Summer heat may have passed but it is still important to stay hydrated all year long for better health. Fluids are essential to keeping the vital organs active. The elderly are at a higher risk for dehydration. They may forget to drink water or not recognize their thirst. You can lose 40 percent of your body's water during exercise. Severe cases sometimes result in kidney damage or nervous system problems.

- Do not wait until you are thirsty. By the time you are thirsty, you are already slightly dehydrated.

- Flavor your water. If plain water tastes boring to you, you can add flavor with fresh fruits or a splash of fruit juice.
- Dehydration symptoms: Darker than usual urine, not urinating despite steadily drinking water, muscle cramps, bad breath, fatigue, fever or chills, craving sweets, dry mouth/skin, fast heartbeat, irritability, confusion, drowsiness

Grandparents' Day: September 12th

"My grandmother is over eighty and still doesn't need glasses. Drinks right out of the bottle."
~ Henny Youngman

"Grandparents are there to help the child get into mischief they haven't thought of yet."
~ Gene Perret

A grandmother was telling her little granddaughter what her own childhood was like. "We used to skate outside on a pond. I had a swing made from a tire; it hung from a tree in our front yard. We rode our pony. We picked wild raspberries in the woods." The little girl was wide-eyed, taking all this in. At last, she said, "I sure wish I'd gotten to know you sooner!"

Seniors Aware of Fire Education

September is here; and that means that the local schools are opening up, and with them, school buses will be on the road mornings and afternoons. Why do I bring this up in the Senior SAFE column?

Every week somewhere in our state people are driving past school buses with their red lights blinking; some people run through the amber warning lights on school buses like they do trying to beat getting caught in a red light. That is not you, is it?

'Tis the season to be on the lookout for the school buses that stop on the roads in your community. Ambulances and fire trucks are not allowed to pass a school bus showing its red lights. Kids' lives are at stake.

Have a SAFE end of summer.

Passwords!

I did warn you last time this was coming... these irritating strings of letters and numbers and symbols are part of life that we didn't used to have to deal with, but, boy howdy, they are here now! And the more careful we are with them to be safe, the more work it is. Passwords and passcodes open our computer and phone and let us into our financial and life management web pages. It is tempting to use a simple password and always the same one, but that makes access to your information much easier for the hackers and scammers. What to do?

First, set up different passwords for different access, e.g., the bank has one and your insurance company has another, social media still another. Second, avoid the most obvious passwords such as any of your personal information, favorite pet, abc123, the word "Password". There are lists of the top 50 passwords to avoid. Hint – those lists are part of the computer program the scammers run to figure you out.

Third, add some difficulty for the schmuck trying to get into your accounts. One way is to use a sentence in abbreviated form. Example: Gmtvborc! MyPrahgia4s. Translation: Grandma made the very best oatmeal raisin cookies! My Parents raised a huge garden in all 4 seasons. Note to any scammer reading this – while these sentences are true for me, I am NOT using them as passwords!

There may be improved password management options for us in the future, but we need to be proactive now. Please check your passwords.

Still Again, Carefully,

Jean O'Neil, TRIAD committee member

September's Good News

By Deborah Hollingworth

I think sometimes we forget that because we are Massachusetts residents, we have access to affordable health insurance. If you are under 65, not eligible for Medicare, and have limited income, then you can enroll in a subsidized health insurance plan through the Massachusetts Connector. If you are 65 or older, and eligible for Medicare, you can enroll in a Medicare plan that will cover our Rx, hospitalizations and other medical services.

Let's talk about the Connector. You can check this out online. Just Google: Massachusetts Health Connector. Connector plans monthly premium costs are on a sliding fee scale, pegged to your income. Eligibility requirements do not count assets. This has been particularly helpful this past year with several callers asking what they can do for insurance if they decide to quit working, or reduce their employment hours to the point where they wouldn't have insurance coverage. In Massachusetts, we do not have to wait until we are 65 to retire and get Medicare for health insurance. We can choose to give up our employment, check out the Connector Marketplace and enroll in a Connector plan. Because it's based on your earnings, your plan will be affordable. Check with your doctor's office to see which Connector plan they bill.

Let's talk about Medicare. If you are 65 or older, and have paid into social security for 40 quarters (10 years) you will be eligible for Medicare. If you are 65 or older and haven't paid into social security, but are married to someone who has, you will be eligible for Medicare through your spouse's work history. (Just like being eligible for a social security retirement benefit based on your spouses work history.)

Medicare pays for about 80% of your medical expenses, except for Rx. You are mandated to have Rx coverage. So if you are a veteran, you might get your Rx as part of your VA benefits. If you have a retirement pension that has Rx coverage, you're all set. But if not, you still have to have Rx coverage...so you can enroll in a Medicare D plan. The least expensive plan this year is \$7.20/month. There are 27 plans for our area, and all have different monthly premiums. A SHINE counselor can help you sort out which Medicare D plan works best for you, depending on what Rx you take.

But you can also enroll in a Medicare Advantage plan that enhances your Medicare benefits and also offers Rx coverage. There are Medicare Advantage plans that have a zero monthly premium. Doesn't get more affordable than that.

What's IMPORTANT here is that neither of these options, the Connector, or Medicare....count assets. So whether you are over 65, or not yet 65....as long as you are a Massachusetts resident, and you have limited income.....there's affordable health insurance for you.

A SHINE counselor can help you sort through the options. You can contact your senior center to find a SHINE counselor nearest you.

September is Fall Prevention Awareness Month

6 Steps to Prevent a Fall

Every 11 seconds, an older adult is seen in an emergency department for a fall-related injury. Many falls are preventable. Stay safe with these tips!

- Find a good balance and exercise program to build balance, strength and flexibility. Contact your local senior center. Find a program you like and take a friend.
- Talk to your health care provider. Ask for an assessment of your risk of falling. Share your history of recent falls.
- Regularly review your medications with your doctor or pharmacist. Make sure side effects aren't increasing your risk of falling. Take medications only as prescribed.
- Get your vision and hearing checked annually and update your eyeglasses. Your eyes and ears are key to keeping you on your feet.
- Keep your home safe. Remove tripping hazards, increase lighting, make stairs safe, install grab bars in key areas.
- Talk to your family members. Enlist their support in taking simple steps to stay safe. Falls are not just a senior issue.
